

THRU : Assistant Director, Research and Reports
: Chief, Geographic Research
Chief, Cartography Division

26 July 1957

TDY for cartographic study - [REDACTED], Cartography Division 25X1A9a

1. The several recommendations presented by [REDACTED] in his report have been discussed with him in considerable detail. Each recommendation it is felt deserves careful consideration and will be thus treated in the ensuing months. As it will be noted some involve action within the Division, others in the Map Library. 25X1A9a

25X1A9a 2. As a result of this report and lengthy conversations with [REDACTED], it is apparent that the TDY was exceptionally successful. He has returned with a great deal of enthusiasm. It is our intention to nominate candidates for similar training when the opportunity permits.
